

Standardprofiler

Sapa Extrusion Tønder har et bredt udvalg af standardprofiler, der omfatter mere end 1300 værktøjer. Mange af disse profiler lagerføres hos vor samarbejdspartner, Metalcentret. Dette vil endvidere fremgå af de enkelte oversigter, hvor der ud for profilnummeret i givet fald er angivet en *.

Såfremt der ønskes profiler, der ligger udenfor vort program over standardprofiler, er De velkommen til at kontakte os.

Der tages forbehold for eventuelle trykfejl. Ved bestilling af standardprofiler skal der rekvireres en profiltegning fra Sapa Extrusion Tønder, så det tilsikres, at dimensioner og tolerancer er som forventet.
