

We're looking to rezone land around Loxford, ready for business and industrial development.

WHAT DO YOU THINK?

Hydro is looking to rezone land within the smelter site, and south of the Hunter Expressway near Weston, to business and industrial zoning.

This would allow future business development in the area, creating jobs and economic activity.

The proximity to the expressway and to the South Maitland Railway line could attract businesses involved in areas such as transport and logistics, or manufacturing.

We want to understand what you, as a member of the community, think of the idea, and what issues we should consider.
