

Dear Valued Customer:

October 24, 2018

In compliance with the Occupational Safety & Health Administration's (OSHA) Hazard Communication Standard, Hydro Extrusion North America has prepared the attached Safety Data Sheets which address various aspects of the products we produce and ship to you. These forms should be distributed to all the appropriate personnel within your organization including all persons handling and/or using these products. Please discard all previous data sheets.

This information has been prepared in compliance with the regulations of OSHA – Hazard Communication Standard, 29 CFR 1910.1200.

The section of the SDS identified as "Regulatory Information" provides the information pursuant to the Section 313 Supplier Notification requirements found in the Emergency Planning and Community Right-to-Know Act of 1986 (SARA III and 40 CFR 372). This law requires certain manufacturers to report on annual releases of specific toxic chemicals and chemical categories. If you are unsure as to whether you must report on releases or you require more information you may call the EPA Emergency Planning and Community Right-to-Know hot line at 1-800-424-9346 or visit their web site at <http://www.epa.gov/tri/>.

Section 15.2 of the SDS addresses state regulations including California Proposition 65.

If you repackage or otherwise redistribute this product to industrial customers, please note that a notice similar to this one should be sent to those customers.

If you have any questions, please feel free to contact me at 847-939-2912 or via email at clay.long@hydro.com.

Sincerely,

A handwritten signature in black ink that reads 'Clay A. Long'.

Clay A. Long, P.E.
Director, Environmental Programs and Sustainability
